

## Club & Range Rules

### 1 Introduction

Due to the nature of the activities performed on the club's premises, it is mandatory to have a set of rules that everyone understands and abides by to ensure the safety of our members and the wider community, to comply with legal restrictions and regulations, and to have cooperative operation so that everyone can safely and fairly enjoy the facilities as often and freely as possible.

This document details the rules as applicable to maintaining membership in good standing, the club premises and all ranges, and the range-specific rules and exemptions.

#### 1.1 Layout

The club offers various ranges, each suitable for specific firearms and shooting disciplines. The layout of the premises and ranges are shown in Figure 1.1.
